### A note from Neek, the Love Coach

**I don't just talk it, I LIVE it!**

For years I have worked to overcome an unhealthy sense of self. The journey in my healing process has not been an easy one....but it is one filled with "teachable moments".... Ever wore a cast or know someone that has....it starts to itch and become very uncomfortable when it begins to heal, doesn't it?!? Well, the healing process of someone's mental, physical and spiritual self is no different....

I knew I had the power to create my own sense of well-being that would give me *the love of self, others & life*. Today, I am so glad I never gave up on that power.

Do you feel just as good about your relationship, significant other, or for that matter, yourself as you want to??!
